

Join a worldwide network of churches, businesses, and organizations addressing the devastating impact of joblessness and poverty through the dignity of work.

Jobs for Life (JfL) offers a discipleship platform enabling churches and organizations to develop gospel-centered relationships and teach people God's design for work, provide a supportive community, and help men and women find and maintain meaningful employment.

The result is employed citizens capable of providing for their families, businesses having access to a well-trained workforce, and churches creating sustainable change in their communities through work and the Gospel.

**Powerful things happen in the
Jobs for Life class: Dignity is
restored. Character is built.
Cities are transformed.**

Join us for the Fall 2017 class
as we network together to impact northern Virginia!

At Jobs for Life, we believe the Local Church can break the cycle of joblessness and poverty. Where families are restored and children grow up with hope and a future. Where communities and entire cities are renewed because purpose and dignity have been restored.

But real transformation through JfL cannot be done without a group of people—a community—joining together to help men and women experience the dignity of work.

“ The Jobs for Life class has given our members a way to apply their personal passions and skills to spread faith while positively impacting the lives of people locally. ”

– **Ham Melton**, Associate Pastor,
Trinity Baptist Church, NC

“ You can't transform a community with drive-bys. You can't do it with a \$250 check for a book bag drive or by serving a meal once a year. You have to do it by walking with the people in a community, by standing shoulder-to-shoulder with those in the community that are involved in making change. ”

– **Local Business Owner**
